## Criminal Justice Research Update

Andrew M. Cuomo  
Governor

Sean M. Byrne  
Acting Commissioner

February 2012

# Analysis of Alternative to Incarceration Program Participants

This information was derived from quarterly tracking logs submitted by Alternative to Incarceration programs who are funded by the Division of Criminal Justice Services (DCJS). These reporting logs must be submitted as a condition of funding to allow program performance and outcomes to be monitored. Records from the tracking logs were matched to DCJS Computerized Criminal History (CCH) records to provide demographic and criminal history information on individuals served. Data shown is for individuals who were discharged from these programs between January 2008 and December 2010.

The program data is presented in three categories: New York City, IMPACT Counties, and the rest of the state. IMPACT counties include the following counties outside New York City: Albany, Broome, Chautauqua, Dutchess, Erie, Monroe, Nassau, Niagara, Oneida, Onondaga, Orange, Rensselaer, Rockland, Schenectady, Suffolk, Ulster, and Westchester.

Office of Justice Research and Performance

Offender Priors by Program .....	27-29

### **Part IV - Substance Abuse Programs**

Overview of Substance Abuse Programs .....	30
Demographics of Substance Abuse Program Participants .....	31
Age of Program Participants by Region .....	32
Race/Ethnicity of Program Participants by Region .....	33
Gender of Program Participants by Region .....	34
Arrest Charges by Region .....	35
Demographics by Program .....	36

Offender Priors by Program..... 37-39

**Part V – Treatment Alternatives for Safer Communities**

Overview of TASC Programs .....40  
Demographics of TASC Participants.....41  
Age of Program Participants by Region .....42  
Race/Ethnicity of Program Participants by Region .....43  
Gender of Program Participants by Region .....44  
Arrest Charges by Region.....45  
Demographics by Program .....46  
Offender Priors by Program..... 47-48

**Offender Priors by Region and Program Type..... 49-50**

**Sample Differences..... 51-52**

# **Analysis of Alternative to Incarceration Programs Funded by DCJS**

## **Program Type: Community Service**

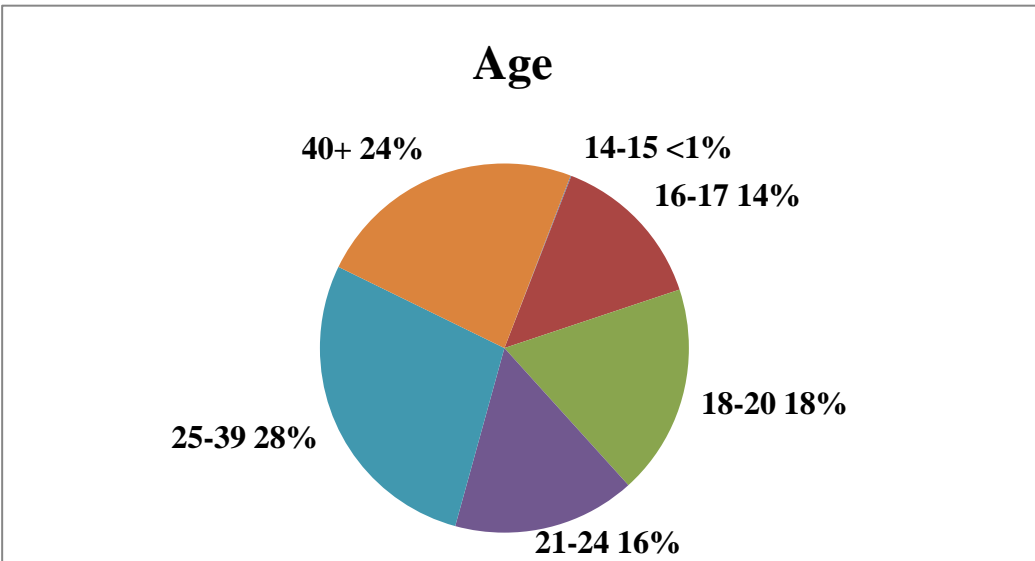

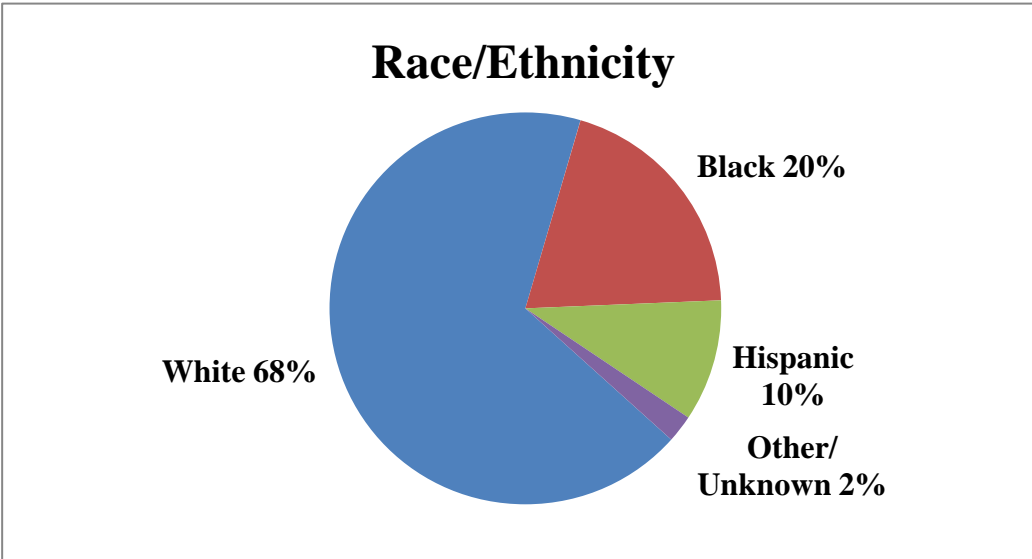

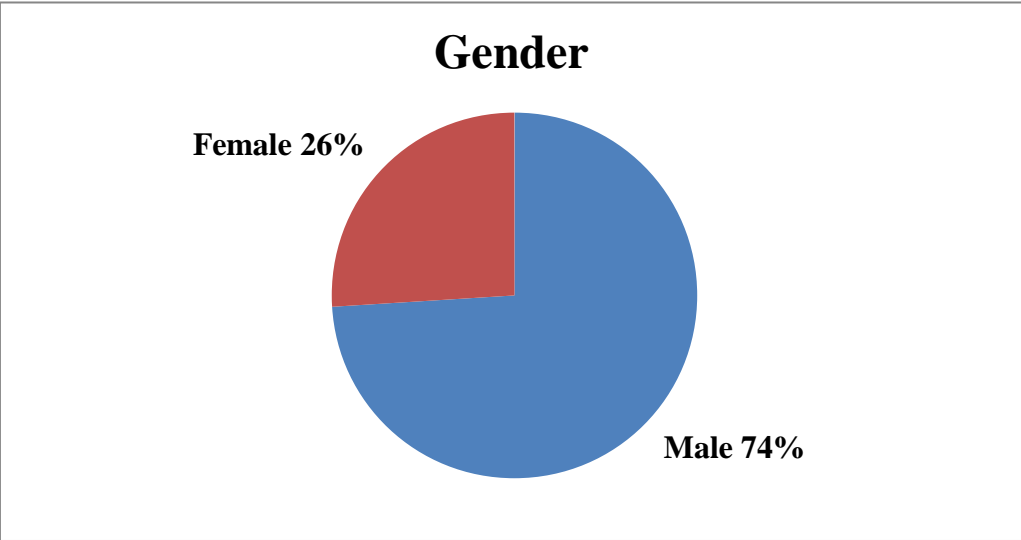

- Number of records successfully matched and retained for analysis: 8,989
- Number of programs included in analysis: 34

Among clients who entered Community Service Programs 2008-2010:

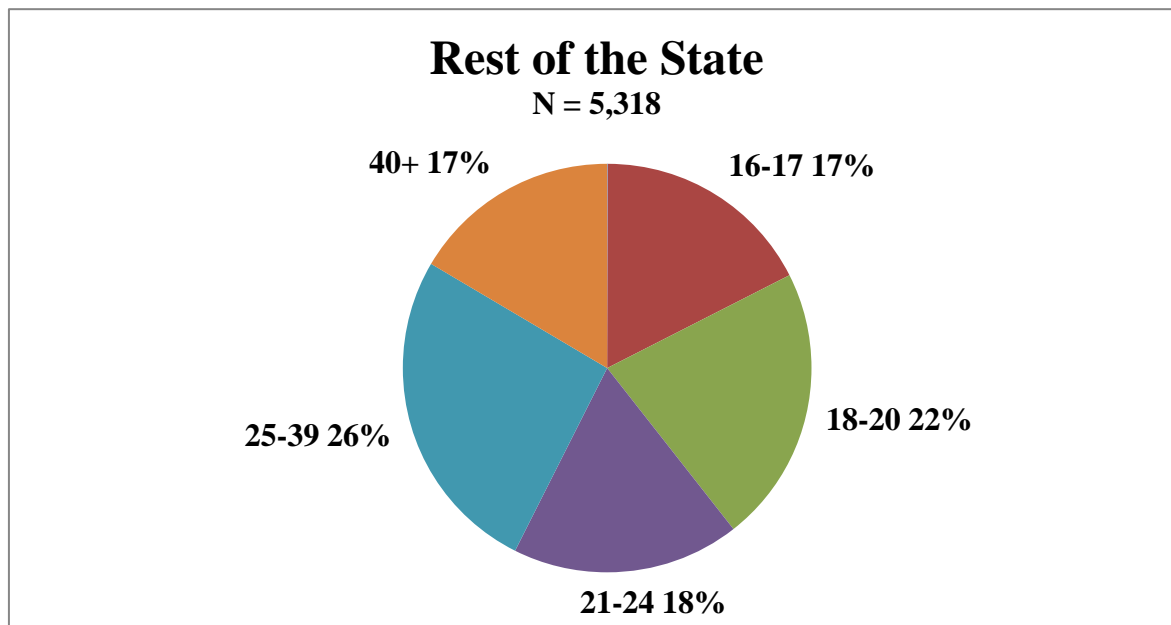

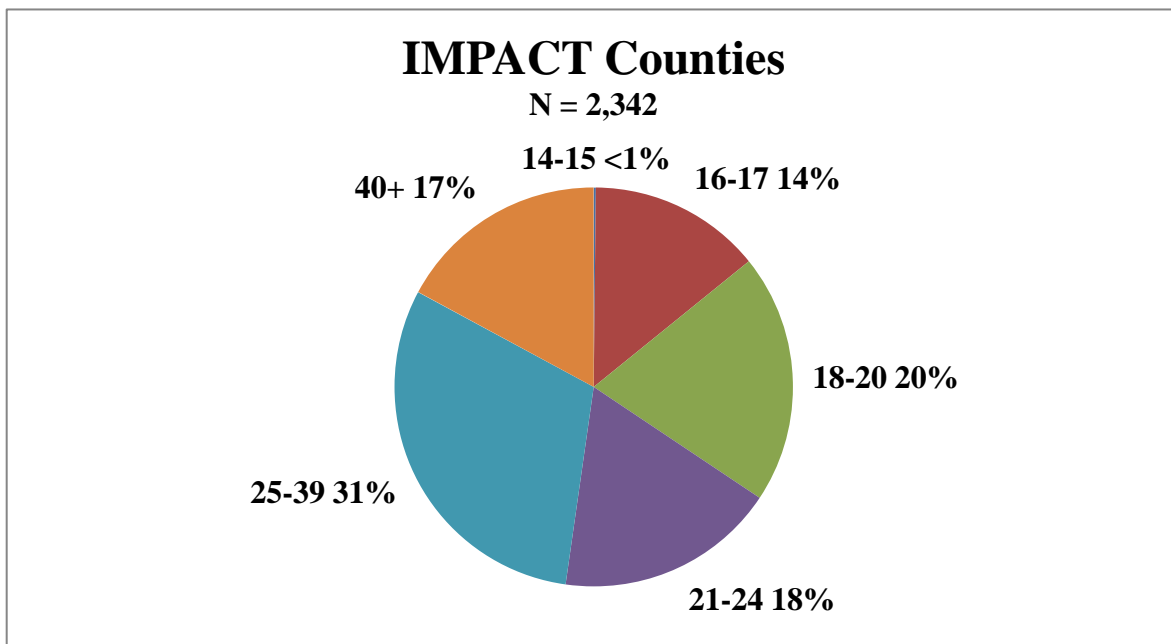

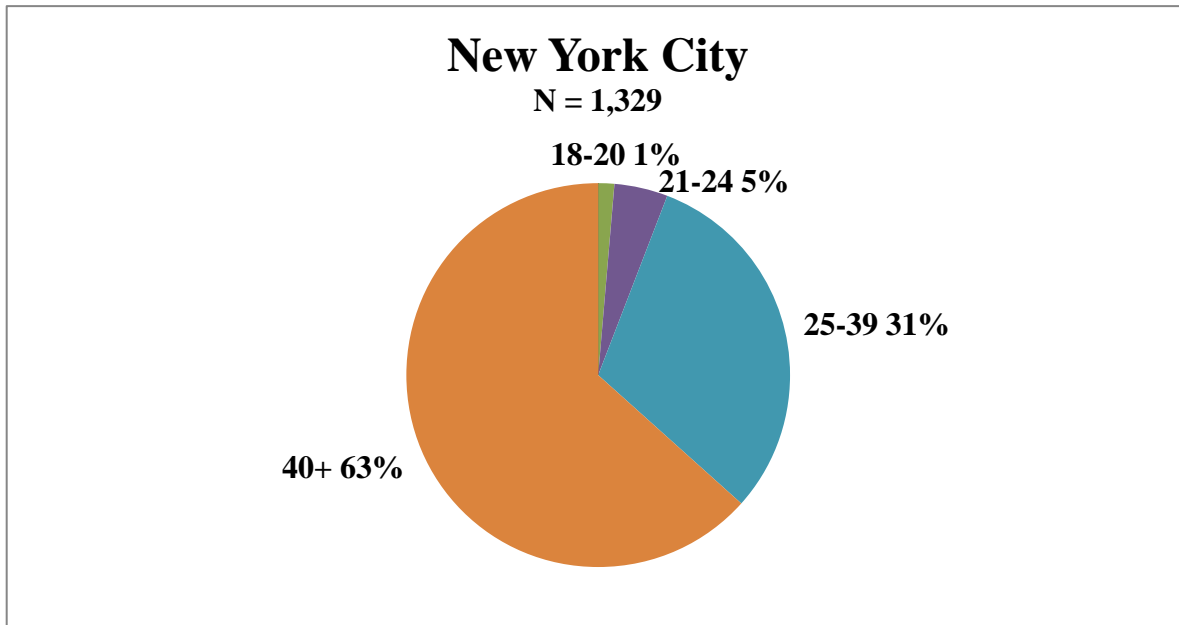

- 74% were male.
- 68% were White, 20% were Black, and 10% were Hispanic.
- 32% were under the age of 21.
- The mean age of participants was 29.
- Most of the Community Service programs were in equities outside of New York City.
- Property offenses were the most common arrest charge.

## **Analysis of Alternative to Incarceration Programs Funded by DCJS**

### **Program Type: Defender Based Advocacy**

- Number of records successfully matched and retained for analysis: 3,578
- Number of programs included in analysis: 9

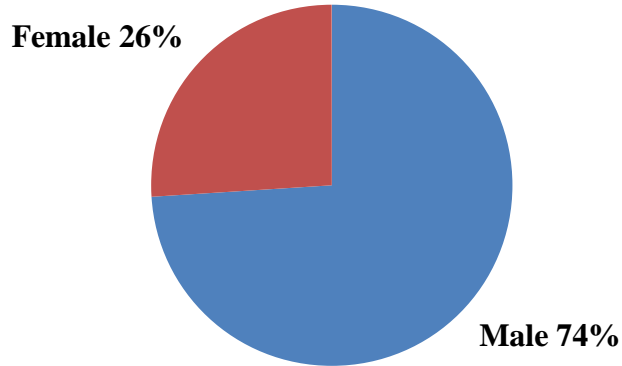

Among clients who entered Defender Based Advocacy Programs 2008-2010:

- 74% were male.
- 47% were White, 40% were Black and 9% Hispanic.
- 19% were under 21.
- The mean age of participants was 31.
- Most Defender Based Advocacy programs were located in IMPACT Counties.
- Property offenses were the most common arrest charge.

## **Analysis of Alternative to Incarceration Programs Funded by DCJS**

### **Program Type: Substance Abuse**

- Number of records successfully matched and retained for analysis: 3,661
- Number of programs included in analysis: 19

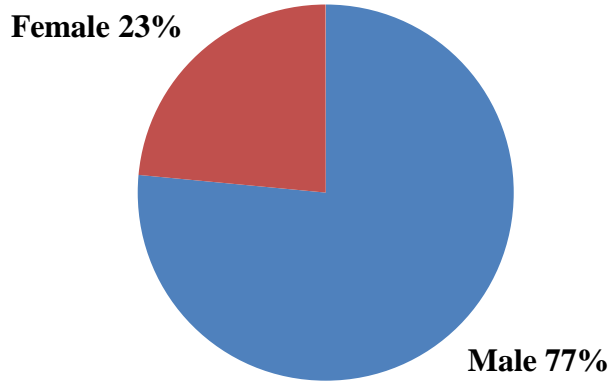

Among clients who entered Substance Abuse Programs 2008-2010:

- 77% were male.
- 43% were White, 36% were Black, and 20% were Hispanic.
- 27% were under 21.
- The mean age of participants was 30.
- Most Substance Abuse programs were located in IMPACT counties.
- Drug offenses were the most common arrest types in New York City.
- DWI was the most common arrest charge in IMPACT counties and in the Rest of the State.

## **Analysis of Alternative to Incarceration Programs Funded by DCJS**

### **Program Type: Treatment Alternatives for Safer Communities**

- Number of records successfully matched and retained for analysis: 6,556
- Number of programs included in analysis: 14

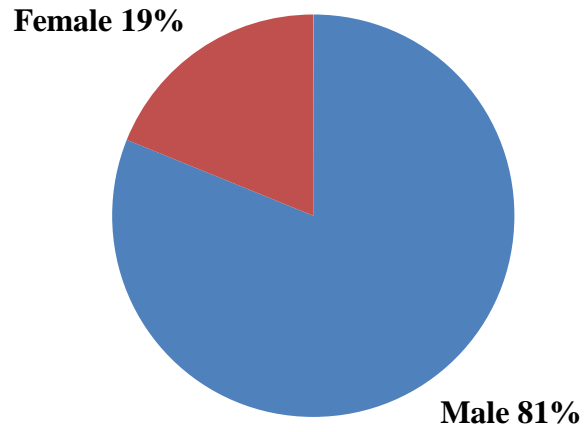

Among clients who entered Treatment Alternatives for Safer Communities (TASC) Programs 2008-2010:

- 81% were male.
- 46% were White, 27% Black, and 24% Hispanic.
- 14% were under 21.
- 32% were over the age of 40.
- The mean age of participants was 33.
- Most TASC programs were located in IMPACT counties.
- Drug offenses were the most common arrest types in New York City TASC programs.
- DWI was the most common offense in TASC programs located in IMPACT counties and in the Rest of the State.
